FCC: I want Satellite Radio to provide me with "locally oriented" content, specifically Instant Traffic & Weather channels anywhere within the Nation and not be geographically restricted. I pay for this service and I do not want it curtailed. Satellite Radio provides me with what I want when i want it.

I urge you to reject the NAB's petition 04-160 and to support Satellite Radio's ability to provide the programming that I desire and pay for! Additionally I do not support HR 4026 and its intent to limit what Satellite Radio can provide me. Local broadcasting does not meet my needs and therefore I have chosen to pay for Satellite Radio.

Respectfully;
Michael Meyers
